New Website

Hello and welcome to the new website. We hope you have enjoyed looking through and browsing the site. Updates to the site can now be made faster and easier in-house, so please do email us with suggestions or queries.

There are a lot of plans to develop the site, including areas for community groups and clubs etc. So far, we have completed information on the activities that go on in both the [Community Centre](#) and [Assembly Rooms](#), as well as pages for other community groups in the Centre. We are trying to develop an online database of local village halls, with images and who to contact for hiring. This may take some time, so keep checking back to see how we are getting on.

Our website is more than just 'Iceni's website', it is a community website, so communication is vital. Visit the site, and feedback your thoughts -

Damaged Acoustic Ceiling in the Ball Room

Repair works are due to start on March 17th. We will re-open the hall to bookings on April 1st. The Regency Room is unaffected, and bookings are continuing as normal.

Drop-in Sessions

There are many Drop-in sessions now available in your Community Centre. From Access Swaffham, to Connexions and Shaw Trust. And don't forget, we also have WNVCA and the British Red Cross here too! More information on their opening times can be found on our website, under 'Your Community Centre', or by [clicking here](#)
